

## WHAT IS CLAIMED IS:

1. A portable telephone terminal device comprising:  
a recording medium to record information of a subscriber, and  
means for restricting execution of a service that incurs payment except for  
telephone call fee based on information indicative of master-slave relation  
5 recorded in said recording medium.
2. A portable telephone terminal device as defined in claim 1 wherein  
said restriction means executes restriction according to permission or no  
permission from a second terminal device having a recording medium that  
records information indicative of master-slave relation being master, when  
5 the information recorded in the recording medium of a first terminal device is  
indicative of slave.
3. A portable telephone terminal device as defined in claim 2 wherein  
said restriction means forcibly terminates said service when no response or  
permission is received from the first terminal device that records the  
information indicative of master.
4. A portable telephone terminal device as defined in claim 2 wherein  
said recording medium is User Identity Module UIM card, Subscriber  
Identity Module SIM card, or Universal Subscriber Identity Module USIM  
card.
5. A method for restricting pay service for a portable telephone terminal  
device comprising:  
recording in a recording medium information, of a subscriber, indicative of  
master-slave relation,  
5 deciding whether the information recorded in the recording medium is master  
or slave, and

restricting execution of a service that incurs payment except for telephone call fee based on the decision.

6. A method for restricting pay service as defined in claim 5 wherein said restricting step according to permission or no permission from a second terminal device which has a recording medium that records information indicative of master-slave relation being master, when information recorded  
5 in said recording medium of a first terminal device is indicative of slave.
7. A method for restricting pay service as defined in claim 6 wherein said restriction step forcibly terminates said service when no response or no permission is received from the second terminal device that records the information indicative of master.
8. A method for restricting pay service as defined in claim 5 wherein said recording medium is User Identity Module UIM card, Subscriber Identity Module card SIM, or Universal Subscriber Identity Module USIM card.
